Director and officer information is as of December 31, 2013

**Robert Mead left the Company in February 2014.*

***Donna Checkett changed roles at the Company in October 2013 and resigned from the committee at that time.*

The Government Affairs team is responsible for educating executive branch personnel as well as state and federal legislators on our company and policy positions. By effectively communicating with individuals who have the authority to make decisions on these important issues, we can better position ourselves to operate and serve our customers. Reform of the national health care system remains a focus in Washington, D.C. and in state capitals throughout the United States.

The employee-driven Aetna Political Action Committee (Aetna PAC), serves as our primary tool to show support for legislators and candidates who share our views. Aetna PAC is bipartisan and gives our employees a voice in the political process as well as the laws and policies that determine the way Aetna does business. The purpose of the PAC is to support candidates for political office by collecting voluntary contributions from eligible Aetna employees. All contributions are received and disbursed pursuant to our internal contribution guidelines and in accordance with applicable election laws.

In January of 2013 our Federal and State PACs started with a combined balance of \$330,650. During 2013, eligible Aetna employees contributed an additional \$536,657. Throughout the year, the PACs disbursed \$511,100 to federal and state candidates, party (and other) committees and leadership PACs that share our company's business-related interests. As the enclosed statement of cash receipts and disbursements indicates, Aetna Federal and State PACs began 2014 with \$437,311 for political disbursements.

Also during 2013, Aetna Inc. and its subsidiaries ("Aetna") contributed \$218,450 in direct corporate contributions to state candidates and party committees in 11 states where such corporate contributions are permitted.

In mid-year of 2013, Aetna acquired Coventry Health Care, Inc., and therefore this report does not include 2013 legacy Coventry and its subsidiaries. We have started the process to fully integrate our companies. We look forward to reporting the political activity of our combined companies in our 2014 Activity Report.

This annual report details the political contributions made by Aetna PAC and as allowed by law, Aetna. This report also provides information on our company's federal lobbying expenses and dues paid to state and federal trade associations, coalitions and similar organizations referenced in the report as "Related Political Activity."

Steve Kelmar
Chairman
Aetna Inc. Political Action Committee

Aetna PAC

Aetna Inc. sponsors a Political Action Committee (Aetna PAC), which is authorized to contribute to federal and most state candidates, parties and committees. All administrative expenses are paid by Aetna Inc. as allowed by law. Aetna PAC is controlled by a Board of Directors drawn from various segments of the Company. It is managed by three principal officers (Chairman, Treasurer and Administrator) and uses separate Contributions Committees to make state or federal disbursement decisions. Aetna PAC is governed by federal law (Federal Election Campaign Act) and various state laws where Aetna PAC is registered to make state political contributions.

Aetna Inc. also sponsors a separate but related state PAC in New York (Aetna PAC-New York) because this state requires such separate registration. The control and management of this separate PAC is the same as Aetna PAC. Aetna PAC-New York is funded by corporate funds from Aetna Inc. subsidiaries as permitted by New York state law.

Corporate Contributions

Aetna Inc. is permitted to contribute corporate dollars to state and local candidates in many, but not all states, and the company does so in part to better leverage the availability of Aetna PAC dollars. In 2013 such corporate contributions were made in 11 states. The management of Aetna PAC (PAC Board, Officers and Committees) exercises the same oversight, managerial decision-making and operational control over Aetna Inc. corporate contributions and certain related activity including employee and company communications on legislative matters (“grassroots”) as applicable to Aetna PAC.

Management

The Chairman, Treasurer, and Administrator of Aetna PAC are responsible for the day-to-day management of Aetna PAC as directed by the Aetna PAC Board of Directors. These officers are responsible for the solicitation of contributions to and the disbursement of funds from Aetna PAC and Aetna PAC-New York consistent with state and federal laws, with the contribution policies and criteria of the Aetna PAC By-Laws, and with the Aetna PAC process applicable to such political contributions.

Contribution Policy & Criteria

The Contributions Committee is composed of state and federal government relations personnel. It considers a number of criteria when making contribution decisions:

- » The candidate’s understanding of and support for the free enterprise system
- » The candidate’s need for Aetna PAC assistance
- » The presence of Aetna employees, facilities or resources in the candidate’s district or state
- » The candidate’s demonstrated leadership or potential for leadership
- » The candidate’s committee assignments and seniority within congress or state government
- » The candidate’s involvement with and position on issues affecting health care and related group benefits
- » The likelihood of the candidate’s election success
- » Recommendations by Aetna PAC members

Process

Each contribution goes through a legal approval process to ensure that Aetna PAC complies with federal and state campaign finance and related laws and the Aetna PAC By-Laws. The process for disbursing funds is virtually the same whether the contribution is from Aetna PAC, Aetna PAC-New York or Aetna Inc. corporate funds. Recommendations for supporting a candidate or a committee are submitted from all areas of the Company and frequently come from state or local company personnel who work in federal or state government relations. The recommendation is sent to the State or Federal Government Affairs Contributions Committee, which meets in-person, by phone or email to discuss and vote on such matters. The approved recommendation is then reviewed by Aetna PAC counsel (and outside legal counsel, if necessary) for campaign finance law and other compliance purposes. When certified as “legal,” the paperwork is processed (by the PAC Administrator for Aetna PAC or by Corporate Accounting for corporate funds) and a check is drawn and delivered.

The same Aetna PAC management oversight, decision making, political contribution policy and process elements applicable to Aetna PAC and Aetna PAC-New York apply as well to Aetna Inc. corporate political contributions and employee and company communications on legislative matters (“grassroots”).

The Audit Committee of the Aetna Inc. Board of Directors annually reviews the political contributions and political activities of Aetna PAC, Aetna PAC-New York, and Aetna Inc. and oversees compliance with the overall policy, process and contributions criteria with respect to such contributions or activity.

Aetna PAC and Aetna PAC-New York are audited annually and the results are sent to the Audit Committee of the Aetna Inc. Board of Directors. The Aetna PAC and Aetna Inc. Political Contributions and Related Activity Report is available to the public. This Report is also sent to the Audit Committee.

Related Political Activity

Aetna uses multiple resources to advocate and advance its position on public policy issues within the State and Federal political, legislative and regulatory environments. In 2013 Aetna spent \$3,344,442 on state lobbying expenses and \$2,590,304 on federal lobbying expenses.¹

Of these amounts, in 2013 Aetna spent a total of \$4,302,552 on dues paid to state and federal trade associations and coalitions, of which \$1,317,295 was allocated to non-deductible lobbying expenditures. Within this category there are 22 organizations whose total dues equal or exceeded \$50,000 for 2013. They are listed below.

In 2013, Aetna did not make any independent expenditure for or against a political candidate as such activity is defined under federal election law.

.....
¹State and Federal lobbying expenses constitute: Aetna employee compensation including overhead; Aetna employee and company communications on legislative matters ("grassroots"); outside consultant fees; research grants; and dues to state and federal trade associations, coalitions and similar organizations relating to lobbying activity

See <http://soprweb.senate.gov/index.cfm?event=selectfields> for copies of Aetna's Lobbying Disclosure Report as filed with the U.S. Congress.
