Aetna PAC is a bipartisan political action committee that enables company employees to have a voice with state and federal legislators and officials who make laws and policy that have a direct impact on the way the company does business. Its purpose is to collect voluntary contributions from eligible Aetna employees and then use these funds to support candidates for federal and state political office pursuant to our internal contribution guidelines and in accordance with applicable election laws.

Aetna PAC began 2006 with a balance of \$360,049 and, during the year, eligible Aetna employees contributed an additional \$344,547. In 2006, PAC contributions to federal and state candidates, party (and other) committees and leadership PACs that share our company's interests and values totaled \$416,718. As the enclosed statement of cash receipts and expenditures indicates, Aetna PAC entered 2007 with \$288,509 available for political contributions.

Additionally, in 2006 Aetna Inc. contributed \$251,500 in direct corporate contributions to state candidates and party committees in selected states (15 in 2006) where such corporate contributions are permitted.

Aetna is an active participant in the political process at all levels of government through Aetna PAC, corporate contributions and corporate political activity, including advocating our views before government directly or indirectly through consultants, trade associations and various coalitions.

This report details the political contributions and activity relating to Aetna PAC and Aetna Inc.

Thomas C. Strohmenger
Chairman
Aetna Inc. Political Action Committee

Political Contributions

Aetna PAC

Aetna Inc. sponsors a Political Action Committee (Aetna PAC), which is authorized to contribute to all federal candidates, parties and committees, and to all state candidates, parties and committees in most states; all administrative expenses are paid by Aetna Inc. as specifically allowed by law. Aetna PAC is controlled by a Board of Directors (drawn from all segments of the Company); it is further subject to the review and oversight of the Audit Committee of the Aetna Inc. Board of Directors. Aetna PAC is managed by three principal officers (Chairman, Treasurer & Counsel and Administrator) and utilizes separate Contributions Committees to make state or federal disbursement decisions. Aetna PAC is governed by federal law (Federal Election Campaign Act) and various state laws where Aetna PAC is registered to make state political contributions.

Aetna Inc. also sponsors separate but related state PACs in Connecticut (Aetna PAC-Connecticut*) and New York (Aetna PAC-New York) because those states require such separate registration. The control and management of these two separate PACs are the same as Aetna PAC. Aetna PAC-New York is funded by corporate funds from Aetna Inc. subsidiaries as permitted by New York state law.

Some states totally prohibit corporate sponsorship of a PAC resulting in no Aetna PAC activity in those states. In one such state (New Jersey) Aetna employees with a particular interest in New Jersey have privately established an employee-sponsored PAC to facilitate employee contributions to New Jersey state candidates. No Aetna Inc. funds are used to support this New Jersey PAC.

Corporate Contributions

Aetna Inc. is permitted to contribute corporate dollars to state and local candidates in many, but not all states, and the company takes advantage of this authority in part to better leverage the availability of Aetna PAC dollars. In 2006, such corporate contributions were made in 15 states (see Page 16 for details). The management of Aetna PAC (Audit Committee, Board, Officers and Committees) exercises the same supervisory, managerial and operational control over Aetna Inc. corporate contributions and related activity as applicable to Aetna PAC.

*Aetna PAC-Connecticut terminated operations as of 12/31/2006 to comply with Connecticut Public Act 05-05. It will be re-registered when allowed under Connecticut Law.

Political Contribution Process and Policy

Management

The Chairman, Treasurer, and Administrator of Aetna PAC are responsible for the day-to-day management of Aetna PAC. These officers are responsible for the solicitation of contributions to and the disbursement of funds from Aetna PAC consistent: with state and federal laws; with the contribution policies and criteria of the Aetna PAC By-Laws; and with the Aetna PAC process applicable to such political contributions.

Contribution Policy & Criteria

The Contributions Committee is composed of state and federal government relations personnel. It considers a number of criteria when making contribution decisions: the candidate's understanding of and support for the free enterprise system; the candidate's need for Aetna PAC assistance; the presence of Aetna employees, facilities or resources in the candidate's district or state; the candidate's demonstrated leadership or potential for leadership; committee assignments and seniority within Congress or state government; the candidate's involvement with and position on issues affecting health care and related group benefits; the

likelihood of the candidate's election success; and recommendations by Aetna PAC members.

Process

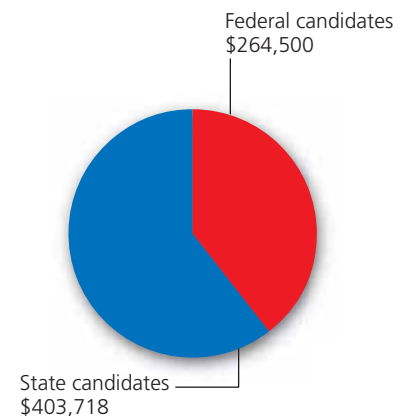

Each contribution goes through a legal approval process to ensure that Aetna PAC complies with federal and state campaign finance (and related) laws and the Aetna PAC By-Laws. The process for disbursing funds is virtually the same whether the contribution is from Aetna PAC or Aetna Inc. corporate funds: recommendations for supporting a candidate or a committee are submitted from all areas of the Company and frequently come from state or local company personnel who work in government relations. The recommendation is sent to the State or Federal Government Relations Subcommittee on Contributions, which meets in-person, by phone or e-mail to discuss and vote on such matters. The approved recommendation is then reviewed by the in-house Aetna PAC Counsel and outside Legal Counsel for legal and campaign finance law compliance purposes. When certified as "legal," the paperwork is processed (by the PAC Administrator for Aetna PAC or by Corporate Accounting for corporate funds) and a check is drawn and delivered.

This same management oversight, political contribution policy and contribution process applicable to Aetna PAC applies as well to corporate contributions from Aetna Inc.

The Audit Committee of the Aetna Inc. Board of Directors annually reviews the political contributions and political activities of Aetna PAC and Aetna Inc. to ensure compliance with the overall policy, process and contributions criteria with respect to such contributions or activity.

Aetna PAC is audited annually by KMPG. The results of that audit and the Aetna PAC Annual Report are sent to the members of the Audit Committee of the Aetna Inc. Board of Directors.

Contributions to Candidates

State contributions include PAC and Corporate contributions.

Related Political Activity

Aetna utilizes multiple and myriad resources to advocate and advance its position on the issues within the State and Federal political environment. To this end, in 2006 Aetna spent \$2,301,905 on state lobbying expenses* and \$2,244,710 on federal lobbying expenses.*

Aetna does not make or engage in independent political expenditure activity as defined under federal election law.

In 2006, Aetna Inc. also spent \$200,000 on various partisan tax-exempt research and policy organizations.

A portion of Aetna's lobbying expenses includes dues and other payments to trade associations and coalitions. In 2006, Aetna spent a total of \$3,380,772 on such payments of which \$567,964 was allocated to non-deductible lobbying activity. There are 12 organizations whose dues or payments exceeded \$50,000 for 2006. They are listed to the right along with the amount allocated to lobbying.
