One of the primary goals of the Government Affairs team is to educate state and federal legislators and Executive Branch personnel about our company and the policy issues that affect our business and ability to operate and serve our customers. We do this by meeting with federal and state representatives and their staffs, through our employee-driven grassroots program, and through the Aetna Political Action Committee (Aetna PAC) and related corporate political activity. 2009 was an extraordinary year for our industry and company as healthcare reform was actively pursued. Aetna actively participated to positively influence the debate to ensure the legislation addressed the issues of access, affordability and quality.

Aetna PAC is a bipartisan political action committee that enables company employees to have a voice with legislators on the federal and state levels who make laws and policy that have a direct impact on the way the company does business. Its purpose is to support candidates for political office by collecting voluntary contributions from eligible Aetna employees. All contributions are received and disbursed pursuant to our internal contribution guidelines and in accordance with applicable election laws.

In January of 2009, our Federal and State PACs started with a combined balance of \$360,817. During 2009, eligible Aetna employees contributed an additional \$446,937. Throughout the year, the PACs disbursed \$447,550 to federal and state candidates, party (and other) committees and leadership PACs that share our company's interests. As the enclosed statement of cash receipts and disbursements indicates, Aetna Federal and State PACs began 2010 with \$364,581 available for political disbursements.

Also during 2009, Aetna Inc. contributed \$124,700 in direct corporate contributions to state candidates and party committees in 11 states and the District of Columbia where such corporate contributions are permitted.

Aetna is an active participant in the political process at all levels of government through Aetna PAC, corporate contributions and corporate political activity, including advocating our views before government bodies directly or indirectly through employee communications, consultants, trade associations and various coalitions.

This report details the political contributions made by Aetna PAC and as allowed by law, Aetna Inc. This report also provides information on Aetna Inc.'s state and federal lobbying expenses, partisan tax-exempt research and dues paid to state and federal trade associations, coalitions and similar organizations referred to in the report as Related Political Activity.

Steve Kelmar  
Chairman  
Aetna Inc. Political Action Committee

## **Aetna PAC**

**Aetna Inc. sponsors a Political Action Committee (Aetna PAC), which is authorized to contribute to federal and most state candidates, parties and committees. All administrative expenses are paid by Aetna Inc. as allowed by law.** Aetna PAC is controlled by a Board of Directors drawn from various segments of the Company. It is managed by three principal officers (Chairman, Treasurer & Counsel and Administrator) and uses separate Contributions Committees to make state or federal disbursement decisions. Aetna PAC is governed by federal law (Federal Election Campaign Act) and various state laws where Aetna PAC is registered to make state political contributions

Aetna Inc. also sponsors separate but related state PACs in New York (Aetna PAC–New York) and Michigan (Aetna PAC–Michigan) because those states require such separate registration. The control and management of these two separate PACs are the same as Aetna PAC. Aetna PAC–New York is funded by employee contributions and by corporate funds from Aetna Inc. subsidiaries as permitted by New York state law. Aetna PAC–Michigan is funded by employee contributions.

## **Corporate Contributions**

Aetna Inc. is permitted to contribute corporate dollars to state and local candidates in many, but not all states, and the company does so in part to better leverage the availability of Aetna PAC dollars. In 2009, such corporate contributions were made in 11 states and the District of Columbia. The Management of Aetna PAC (PAC Board, Officers and Committees) exercises the same oversight, managerial decision-making and operational control over Aetna Inc. corporate contributions and certain related activity including employee and company communications on legislative matters ("grassroots") as applicable to Aetna PAC.

---

Aetna PAC–Connecticut terminated operations as of 12/31/2006 to comply with Connecticut Public Act 05-05 (as amended by Public Act 06-137).

## Management

The Chairman, Treasurer, and Administrator of Aetna PAC are responsible for the day-to-day management of Aetna PAC as directed by the Aetna PAC Board of Directors. These officers are responsible for the solicitation of contributions to and the disbursement of funds from Aetna PAC consistent with state and federal laws, with the contribution policies and criteria of the Aetna PAC By-Laws, and with the Aetna PAC process applicable to such political contributions.

## Contribution Policy & Criteria

The Contributions Committee is composed of state and federal government relations personnel. It considers a number of criteria when making contribution decisions:

- The candidate's understanding of and support for the free enterprise system
- The candidate's need for Aetna PAC assistance
- The presence of Aetna employees, facilities or resources in the candidate's district or state
- The candidate's demonstrated leadership or potential for leadership
- The candidate's committee assignments and seniority within Congress or state government
- The candidate's involvement with and position on issues affecting health care and related group benefits
- The likelihood of the candidate's election success
- Recommendations by Aetna PAC members.

## Process

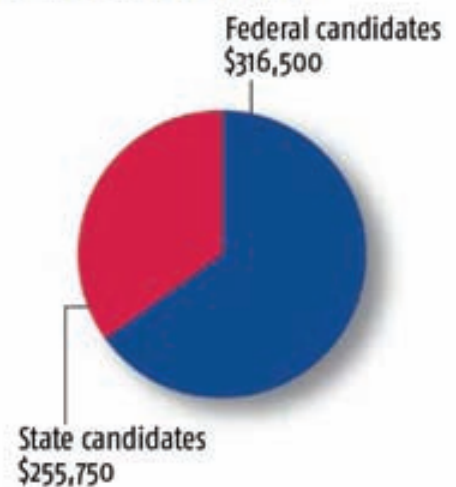

Each contribution goes through a legal approval process to ensure that Aetna PAC complies with federal and state campaign finance and related laws and the Aetna PAC By-Laws. The process for disbursing funds is virtually the same whether the contribution is from Aetna PAC or Aetna Inc. corporate funds. Recommendations for supporting a candidate or a committee are submitted from all areas of the Company and frequently come from state or local company personnel who work in federal or state government relations. The recommendation is sent to the State or Federal Government Affairs Contributions Committee, which meets in-person, by phone or email to discuss and vote on such matters. The approved recommendation is then reviewed by the in-house Aetna PAC Counsel and outside legal Counsel, if necessary, for campaign finance law and other compliance purposes. When certified as "legal," the paperwork is processed (by the PAC Administrator for Aetna PAC or by Corporate Accounting for corporate funds) and a check is drawn and delivered.

The same Aetna PAC management oversight, decision making, political contribution policy and process elements applicable to Aetna PAC apply as well to Aetna Inc. corporate political contributions and employee and company communications on legislative matters ("grassroots").

The Audit Committee of the Aetna Inc. Board of Directors annually reviews the political contributions and political activities of Aetna PAC and Aetna Inc. and oversees compliance with the overall policy, process and contributions criteria with respect to such contributions or activity.

Aetna PAC and Aetna PAC-New York are audited annually and the results are sent to the Audit Committee of the Aetna Inc. Board of Directors. The Aetna PAC and Aetna Inc. Political Contributions and Related Activity Report is available to the public. This Report is also sent to the Audit Committee.

### Contributions to candidates

State contributions include PAC and Corporate contributions.

## Related political activity

Aetna uses multiple resources to advocate and advance its position on public policy issues within the State and Federal political, legislative and regulatory environments. To this end, in 2009 Aetna spent \$3,984,881 on state lobbying expenses and \$3,550,261 on federal lobbying expenses. <sup>(1)</sup>

In 2009, Aetna did not make or engage in any independent political expenditure activity as defined under federal election law.

In 2009, Aetna Inc. also spent \$125,000 on various partisan tax-exempt research and policy organizations.

In 2009 Aetna spent a total of \$3,673,645 on dues to state and federal trade associations, coalitions, and similar organizations of which \$915,258 was allocated to non-deductible lobbying activity. Within this category there are 16 organizations whose dues equal or exceed \$50,000 for 2009. They are listed to the right.
