

Health Savings Account (HSA) Instructions for Account Closure Form

To close your HSA, complete all of the required sections of the enclosed form. If you have an HSA Investment Account, we will liquidate your investments. We'll include the funds from your investments with the cash account funds. We'll return all funds to you. We will also cancel your debit card. If your employer is still reporting contributions for your HSA, please notify your employer that you have closed your HSA. Your employer should stop any further payroll contributions.

Below are reminders as you complete the form.

- Section 1: Be sure to complete all fields, including your HSA account number. You can find your account number on your monthly statement, which is available online.

- Section 2: Identify the reason for the account closure.

Note: If the account owner is deceased, please include a copy of his/her death certificate. We'll mail a distribution check, as applicable, to the address we have on file for the named beneficiary(ies). If the named beneficiary is the spouse of the deceased account owner, a health savings account (HSA) will be created in his/her name and the fund balance will be transferred directly to the new HSA. If you are the executor or administrator of the account owner's estate, please include a death certificate along with proof of your appointment. Please also include a mailing address. If we need additional information to process your request, we will contact you.

Please mail, fax or email the completed form to PayFlex. The address, fax number and email address are on the bottom of the form.

Note: Closing the account may have tax consequences. Please consult a tax advisor if you have any questions prior to completing this form. We will return an incomplete form.
