

Aetna Navigator™ Member Website

Flexible Spending Account (FSA)
Streamline Online Enrollment Feature

Now you can **elect** —
or **cancel** — the FSA
streamline payment
feature online.

Make FSA changes online quickly and easily on your secure Aetna[‡] member website!

If you have a health care spending account, you can now elect or cancel the streamline claims option on the Aetna Navigator website. Streamlining automatically passes a medical, dental or pharmacy claim processed by Aetna to the FSA system so you don't have to submit a claim form. Submitting the request online, rather than on paper, helps the change take effect sooner.

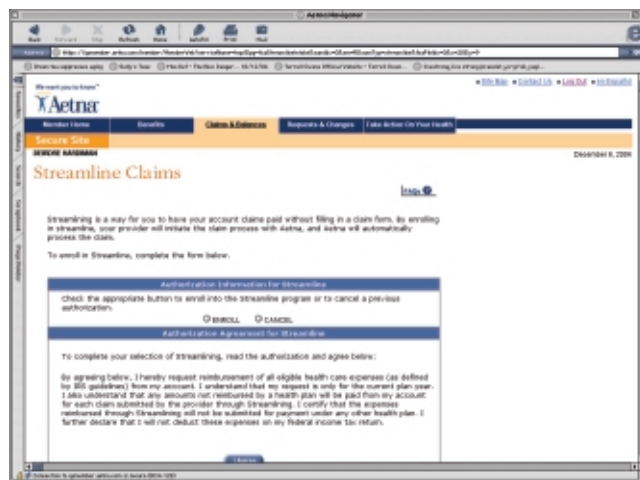

On Aetna Navigator you can also:

- View your FSA claims.
- Review your current FSA account balances and activity.
- View who is covered on your plan.
- Request email alerts when there is a new Explanation of Payment (EOP) to view online.
- Turn off the paper delivery of your EOPs if you have direct deposit.
- Enroll, change, or cancel the direct deposit feature.*
- Use the FSA Advisor to project savings.
- Access the IRS list of approved items for FSA reimbursement.
- Print Aetna standard forms.
- Contact Aetna Member Services.

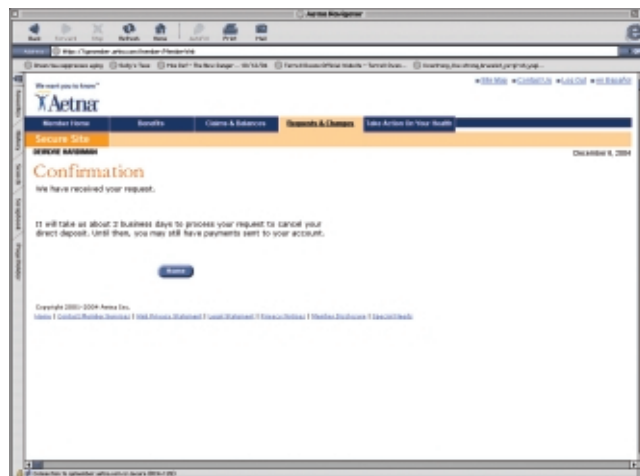

In addition, you'll have access to credible health information on the Web.

*If offered by your plan.

This online FSA feature will make managing your streamlining options quick and easy — and, it will help reduce your paperwork! Go to www.aetnavigators.com and click on **Claims & Balances** to make streamline changes.

You'll receive a confirmation when you make changes online.

Aetna Navigator offers a wealth of benefits and health information. You can view who is covered on your plan, track your claims, send a secure email to Aetna Member Services, and much more!

Note: You should not elect the streamline feature if you or your dependent(s) have continuing orthodontic treatments or have coverage under another health plan with coordination of benefits, or if you are covering a domestic partner who is not your dependent for federal income tax purposes.
