

Letting you know we made some changes (for the better)

We updated some of the information in this disclosure after we went to print. To make sure you get it right, we've noted the changes here. If you have questions, just contact Member Services at **1-888-982-3862**.

How to download the mobile app for your medical plan

Here's updated info for downloading our mobile app.

To download the Aetna HealthSM app for access on the go, visit your Play Store (Android) or App Store (iPhone) and search for the Aetna Health app. Or text "MOBILEAPP" to 90156 to download. (Message and data rates apply.)*

Discover a smarter, simpler way to manage your health and benefits, access your medical ID card, find and connect with care, estimate and compare procedure costs, manage claims and more.

You can also use the mobile app for your dental plan

You can also use the mobile app if you're offered an Aetna dental plan. Simply download the Aetna Health app to: view dental claims, search for dental providers and more. Text "MOBILEAPP" to 90156 to download (message and data rates apply).*

Terms we no longer use – or out with the old, in with the new

We recently updated our website, **aetna.com**. In doing so, we realized we'd outgrown certain terms. So if you see these outdated terms in the disclosure, know that you'll likely see the updated ones in other materials – like our website or our marketing materials.
