**Please check all boxes that apply (continued):**

**4. For NEW STARTS, please complete this section.**

- Yes  No **Does the patient meet one of the following criteria?**
- ▶ Adequate iron stores have been demonstrated by means of bone marrow iron or serum ferritin levels or serum iron saturation studies within the prior 12 months, or
  - ▶ Patient has iron deficiency, but erythropoietin analog therapy will be initiated simultaneously with iron replacement
- Yes  No **Is Aranesp requested for the treatment of anemia due to chronic kidney disease in a patient NOT on dialysis and does the patient have a hemoglobin (Hgb) level that is approaching or has fallen below 10 g/dl OR a hematocrit of 30% or less?**
- Yes  No **Is Aranesp requested for the treatment of anemia due to chronic kidney disease in a patient who IS currently on dialysis and does the patient have a hemoglobin (Hgb) level that is approaching or has fallen below 11 g/dl OR a hematocrit of 30% or less?**
- Yes  No **Is Aranesp requested for the treatment of anemia due to chronic kidney disease in a PEDIATRIC patient and does the patient have a hemoglobin (Hgb) level that is approaching or has fallen below 12 g/dl OR a hematocrit of 30% or less?**
- Yes  No **Is Aranesp requested for the treatment of anemia due to the start of myelosuppressive anticancer chemotherapy and the patient will have an anticipated hemoglobin (Hgb) drop associated with the therapy?**

or

**Please complete this section below only if your patient does not meet the standard requirements listed above.**

Please explain why your patient should be considered for exception although not meeting the plan's suggested PA criteria. Statement should include specifically which requirement is not met and why patient should be exempt from meeting this requirement. (Please note any information that is incomplete or illegible will delay the review process.)

---

---

---

**5. For RENEWALS, please complete this section.**

- Yes  No **Did the patient have an Hgb rise of LESS THAN 1 g/dl (or hematocrit rise LESS THAN 3%) compared to pretreatment baseline by 12 weeks of treatment and an Hgb level that remained LESS THAN 10 g/dl (or hematocrit LESS THAN 30%)?**
- Yes  No **Is Aranesp therapy being administered to an Hgb target of 12 g/dl for anemia due to myelosuppressive anticancer chemotherapy?**
- Yes  No **Is Aranesp therapy being administered to an Hgb target of 10-11 g/dl for patients with chronic renal failure and end-stage renal disease?**

**Please complete this section below only if your patient does not meet the standard requirements listed above.**

Please explain why your patient should be considered for exception although not meeting the plan's suggested PA criteria. Statement should include specifically which requirement is not met and why patient should be exempt from meeting this requirement. (Please note any information that is incomplete or illegible will delay the review process.)

I attest that the medication requested is medically necessary for this patient. I further attest that the information provided is accurate and true, and that documentation supporting this information is available for review if requested by the health plan sponsor, or, if applicable, a state or federal regulatory agency. I understand that any person who knowingly makes or causes to be made a false record or statement that is material to a claim ultimately paid by the United States government or any state government may be subject to civil penalties and treble damages under both the federal and state False Claims Acts. See, e.g., 31 U.S.C. §§ 3729-3733. By signing this form, I represent that I have obtained patient consent as required under applicable state and federal law, including but not limited to the Health Information Portability and Accountability Act (HIPAA) and state re-disclosure laws related to HIV/AIDS.
