Adding PPO Dental Plan for PPO Medical Members, Effective 4/1/06

Expands Provider Access for Your New Individual Product Customers

We wanted to let you know that effective March 15, 2006, we will be offering PPO dental plans to members who also select PPO Medical. For Pennsylvania members selecting HMO Medical, we will continue to offer DMO.

We're making this change to streamline and improve the service we provide to our members. Your customers will have access to an expanded provider network plus 100% coverage for most diagnostic, preventive and basic dental services from a preferred provider, after a low annual deductible is met.

Read all the details about the plan by clicking [here](#).

- For your **new** Individual PPO clients in Pennsylvania with April 1, 2006 effective dates, you'll be able to offer them the Aetna Advantage PPO dental plan.
- The new PPO dental plan is now available for quoting on IPS.
- Existing Individual dental members in Pennsylvania are not impacted, they will remain in their current DMO plan.

We're Here to Help You Sell

Our Broker Liaison Unit is ready to help you with all your individual insurance questions. All you need is this one number: **1-888-54 AETNA** (1-888-542-3862). Any member of our team will be able to help you when you call. The office is open 8am-5pm, Monday-Friday.

Thank you for your business - we look forward to helping make 2006 your best year ever!
