

# Institutes of Quality® — Advancing Quality Autism Care

As a member, you have access to behavioral health provider groups who specialize in Applied Behavioral Analysis (ABA) for the treatment of Autism spectrum disorders.

Our Institutes of Quality® (IOQ) designation is for providers that offer high quality, specialized clinical services for certain health conditions. These providers earn this designation based on quality in care, commitment to continuous improvement, and meeting certain standards of quality and cost efficiencies.

To become IOQ designated, facilities and provider groups must meet strict criteria. The criteria includes:

- Offering timely access to care
- Meeting medical necessity criteria
- Measuring treatment progress and outcomes using evidence-based tools
- Maintaining accreditation from a recognized agency
- Involving caregivers, family, and significant others in the treatment decisions
- Coordinating care with medical and/or behavioral health practitioners

The following is a list of Institutes of Quality (IOQ) for Applied Behavioral Analysis (ABA), available to our members depending on which state they live in:

- ACES <https://www.acesaba.com/> offers services in more than 50 cities, serving thousands of clients in Arizona, California, Colorado, Hawaii, Oklahoma, Texas, Utah, and Washington. ACES is the first provider group to be named an Applied Behavioral Analysis (ABA) Institute of Quality (IOQ). To learn more information and to schedule your appointment, call (855) 223-7123 or go to their website.

Your plan may require authorization.

You may need prior authorization – or pre-approval – for these services. That means you or your doctor must submit information for our review prior to receiving services. Please refer to your plan documents for more information.

Not all Institutes of Quality services are covered by all health plans. Please log in or register now at [https://www.aetna.com/dsepublic/#/contentPage?page=providerSearchLanding&site\\_id=dse](https://www.aetna.com/dsepublic/#/contentPage?page=providerSearchLanding&site_id=dse) to find out if a facility is a network provider in your plan.

Some of the Institutes of Quality may not have doctors who contract with Aetna, which means you may have to pay extra if you use those centers. Call the number on your ID card to find out more.
