Vision insurance plans are underwritten by Aetna Life Insurance Company (“Aetna”). Certain claims administration services are provided by First American Administrators, Inc., and certain network administration services are provided through EyeMed Vision Care, LLC (“EyeMed”).

Here is important disclosure information about our plans. It's followed by required content that varies by state.

Features of a vision plan

What you pay

You are responsible for any amounts due to the provider when you receive care. This may include copayments, coinsurance and deductibles, and any applicable charges for covered, noncovered, or discount-only services. You will pay these amounts directly to the provider when you receive care. Your plan documents list the amounts you'll pay for copayments, coinsurance and deductibles.

Note: You must personally bear all costs if you use health care not authorized by this plan.

How we pay your vision care providers

We pay participating Aetna Vision Preferred providers on a fee-for-service basis. We determine the amount we'll pay for each service through an agreement with the participating provider. However, the service must meet our plan terms and conditions before we'll pay your vision care provider. We encourage you to ask your vision care provider how they are paid for services. When you get care from a nonparticipating provider, you must submit a claim reimbursement form, along with your receipt, in order to receive any available out-of-network reimbursement.

Note: If you opt to receive vision care services, or vision care materials that are not covered benefits under this plan, a participating vision care provider may charge you its normal fee for such services or materials. Prior to providing you with vision care services, or vision care materials that are not covered benefits, the vision care provider will provide you with an estimated cost for each service or material, if you ask them to do so.

You may be eligible to receive authorization for the in-network level of benefits when covered vision services are performed by a nonparticipating vision professional. If you are unable to find a participating optometrist or ophthalmologist (within 20 miles of your home) or if there is an unreasonable appointment delay, you can call Member Services.

Member Services will find a participating vision provider for you (within the accessibility and appointment wait guidelines) or authorize that you can receive services from a vision provider outside the network. Your out-of-pocket cost will be the same as if you had received services from a participating vision provider.
