There are upcoming changes* to your plan's drug coverage — and we want to be sure you're ready

Starting **April 1, 2026** you'll see changes to the drugs your **Aetna Health Exchange Plan: FL** covers. It's important that you review the changes in the chart enclosed. Talk to your doctor about how these changes might impact you.

Find out how to keep your costs low

If the status of your current drug is changing, you may pay more for refilling them on or after **April 1, 2026**. So, we want to make sure you understand your options and what to do next.

What to do if your drugs are changing

Talk to your doctor to find out if changing to a preferred drug is right for you. If they agree, have them send a new prescription to your pharmacy so it's ready for you to fill **April 1, 2026**.

Your doctor may decide it's best for you to stay on your current drug. If so, they can ask for medical exception. Or you can call us at the number on your member ID card to request one. If approved, you'll still pay your plan copay or cost-share, after you meet your plan's deductible or out-of-pocket requirements.

Need more support? We're here to help.

- Visit the website listed on your member ID card to view your current plan details.
- Call us at the number on your member ID card.

* In accordance with state law or insurer policies, changes to drug coverage are not effective for commercial fully insured plans (including HMOs) in **Arizona, Iowa, Minnesota, Louisiana, New York, North Dakota, Texas**, and in most circumstances **Connecticut and Vermont**, until the plans' renewal date. Additional state specific disclaimers for **Maryland, Tennessee and Washington** are listed later within this document.
