Ptosis Surgery
Precertification Information Request Form

About this form

Do not use this form to initiate a precertification request. To initiate a request, submit electronically on Availity or call our Precertification Department. Submit your medical records to support the request with your electronic submission.

We've made it easy for you to authorize services and submit any requested clinical information. Just use our provider portal on Availity®. Register today at Availity.com/aetnaproviders. Once your account is ready, you can start submitting authorization requests right away.

- For additional information on Availity, go to https://www.aetna.com/health-care-professionals/resource-center/availity.html

Requesting authorizations on Availity is a simple two-step process

Here's how it works:

1. Submit your initial request on Availity with the Authorization (Precertification) Add transaction.
2. Then complete a short questionnaire, if asked, to give us more clinical information.
    - If you receive a pended response, then complete this form and attach it to the case electronically.

This form will help you supply the right information with your precertification request. Failure to complete this form and submit all medical records we are requesting may result in the delay of review or denial of coverage.

How to fill out this form

As the patient's attending physician, you must complete all sections of the form. You can use this form with all Aetna health plans, including Aetna's Medicare Advantage plans. You can also use this form with health plans for which Aetna provides certain management services.

When you're done

Once you've filled out the form, submit it and all requested medical documentation to our Precertification Department by:

- If your request was submitted via telephone, you can either:
    - Access our provider portal via Availity; enter the Reference number provided and attach this form and all requested medical documentation to the case or
    - Send your information by confidential fax to:
        - **Precertification**- Commercial and Medicare using FaxHub: **1-833-596-0339**
        - The fax number above (FaxHub) is for clinical information only. Please send specific information that supports your medical necessity review. Please continue to send all other information (claims etc) to appropriate fax numbers.

    - If you do not have fax or electronic means to submit clinical:
        - Mail your information to: **PO Box 14079**
          Lexington, KY 40512-4079
          (Please note mailing will add to the review response time)

What happens next?

Once we receive the requested documentation, we'll perform a clinical review. Then we'll make a coverage determination and let you know our decision. Your administrative reference number will be on the electronic precertification response.

How we make coverage determinations

If you request precertification for a Medicare Advantage member, we use CMS benefit policies, including national coverage determinations (NCD) and local coverage determinations (LCD) when available, to make our coverage determinations. If there isn't an available NCD or LCD to review, then we'll use the Clinical Policy Bulletin referenced below to make the determination.

For all other members, we encourage you to review **Clinical Policy Bulletin #84: Ptosis Surgery,** before you complete this form.

You can find the Clinical Policy Bulletins and Precertification Lists by visiting the website on the back of the member's ID card.
