

MLR Experience Year Additional Rebate Pools

This is a list of Aetna plans that are scheduled to receive rebates under the Health Care Reform Minimum Medical Loss Ratio (MLR) requirements. Rebates will be mailed to policyholders of plans in the following pools.

The pools are based upon the criteria specified by the government. In the Group market, plan sponsors are policyholders. In certain circumstances, the government requires insurers to issue rebates to subscribers of Group plans rather than policyholders. In the Individual plan market, rebate payments will be made to the subscriber policyholder of the Individual plan.

Additional Rebates (due for the pools and experience years listed)

Experience Year	Contracts written in	Group size*	Legal Entity issuing the coverage
