Changes to our National Precertification List (NPL)

The following new-to-market drugs require precertification

- **Ryplazim**[®] (plasminogen, human-tvmh) - Precertification required effective August 1, 2021.
- **Camcevi**[®] (leuprolide mesylate) - Precertification required effective August 1, 2021. This drug is part of the Luteinizing Hormone-Releasing Hormone drug category.
- **Aduhelm**[™] (aducanumab-avwa) - Precertification required for both the drug and site of care, effective August 3, 2021.
- **Rybrevant**[™] (amivantamab-vmjw) - Precertification required effective August 6, 2021.

Submitting precertification requests

Be sure to submit precertification requests at least two weeks in advance.

To save time, request precertification online. Doing so is fast, secure and simple. You can submit most requests online through [our provider portal on Availity](#)[®]. Or you can use the Electronic Medical Record (EMR) system portal.

Are you asking for precertification on a specialty drug for a commercial or Medicare member? Then submit your request through Novologix, also available on Availity.

Not registered for Availity?

You can always find these policies on our provider portal, Availity.
