

Stay in to save more

Refer your patients to our in-network labs

Stay in the network and patients pay less

Your patients can save on out-of-pocket costs when they get lab work done in our network. Just recommend that they get testing at one of our two preferred national labs: Quest Diagnostics® and Labcorp. Or you can refer them to one of the hundreds of other labs in our network. They may be surprised at how much they can save.

Here's how in-network costs compare to out-of-network costs:*

	Quest Diagnostics and Labcorp	In-network independent lab	In-network hospital lab	Out-of-network lab
	\$	\$ \$	\$ \$ \$	\$ \$ \$ \$
Lab test price*	\$30	\$45	\$120	\$300
Patient's coinsurance or copayment	20%	20%	20%	40%
Patient pays	\$6	\$9	\$24	\$120

*FOR NETWORK COST COMPARISON: The Aetna® Strategic Contract management team analyzed costs for patients who had already met their deductibles and compared 2024 in-network prices to out-of-network prices. For certain typical tests, they found that Quest Diagnostics and Labcorp each charged the same amounts for the same tests. They also found that all the other options reviewed charged more. The analysis did not include in-network hospitals with separately negotiated laboratory agreements.

*FOR LAB TEST PRICE: These prices reflect an example of a routine lab test.

[<Aetna is the brand name used for products and services provided by one or more of the Aetna group of companies, including Aetna Life Insurance Company and its affiliates (Aetna).>]

Locate an in-network lab

Quest Diagnostics® and Labcorp Health are our national preferred labs. They offer a wide range of testing services. They also work with national and specialized affiliates who offer testing services. Patients can get everything from routine blood tests to gene-based cardiology to molecular testing. And by using an in-network lab, patients can save.

Try to avoid out-of-network labs

Patients typically pay more out of pocket when they go to out-of-network labs. So be sure to refer them to in-network labs instead.

Here are some out-of-network labs:

Addiction Labs of America	Enigma Management	Realtox Labs
Admera Health LLC	ESA Toxicology, LLC	Rocky Toxicology
Advanced Clinical Laboratory Solutions, Inc.	Exagen Diagnostics, Inc.	Scientific Laboratory Services, LLC
Alere Toxicology	Flow Health Laboratories, LLC.	Singulex, Inc.

Breast cancer genes: risk and genetic testing

We've simplified your patients' access to breast cancer gene 1 (BRCA1) and breast cancer gene 2 (BRCA2) testing with Quest Diagnostics®. When you use Quest for services covered in our Clinical Policy Bulletin #0227, you'll see automatic approvals for your Commercial members. That can help you have a more seamless experience. So you can stay focused on the health and safety of your patients.

Quest Diagnostics

For your Medicare members, make sure to include a completed precertification form with your Quest Diagnostics or affiliate lab requisition and blood sample. Or you can fax the form to **1-855-422-5181**. Need more information? You can visit

QuestHereditaryCancer.com or call Specialty Testing Services at **1-866-436-3463**.

Labcorp

Fax the precertification form to **1-855-711-5699**.

If you have questions, send an email to **BRCAPriorAuth@LabCorp.com** or call **1-855-488-8750**.

Ambry Genetics

Submit a completed precertification form with a specimen sample to Ambry Genetics. Or you can fax the form to **949-900-5501**. To order collection and transportation kits, visit **AmbryGen.com** or call

1-866-262-7943.

Baylor Miraca Genetics Laboratories, LLC

Fax the precertification form to **1-800-434-9850**.

To order collection and transportation kits, visit

BMGL.com or call Customer Service at

1-800-411-GENE (1-800-411-4363).

Genpath, BioReference Health, LLC

To order collection and transportation kits, visit:

GenPathDiagnostics.com/oncology/hereditary-cancer-testing/ or call **1-888-729-1206**.

Myriad Genetics, Inc.

Fax a completed precertification form to **801-584-3615** or submit it with the completed specimen collection kit to a Myriad Genetics, Inc. location. If you have questions, call **1-800-469-7423**.

Medical Diagnostic Laboratories, LLC

Submit the precertification form by fax to **609-570-1062**. If you have questions or need more information, visit **MDLab.com** or call **1-877-269-0090**.

Prior authorization for whole exome sequencing (WES)

Ambry Genetics

Submit a completed precertification form with a specimen sample to Ambry Genetics. Or fax the form to **1-949-900-5501**. To order collection and transportation kits, visit **AmbryGen.com** or call **1-866-262-7943**.

BaylorGenetics

Fax a completed precertification form to **1-866-399-3559**. To order collection and transportation kits, email **Help@BaylorGenetics.com**, visit **BaylorGenetics.com** or call **1-800-411-GENE (1-800-411-4363)**.

GeneDx

Simply upload a copy of the completed Aetna® precertification form and request a sample collection kit when you order through the GeneDx Healthcare Provider Portal at **GeneDx.com/order**. Or you can include the completed Aetna precertification form and paper test requisition when sending the patient sample to our lab. Our team of experts is happy to assist. You can contact them at **Zebras@GeneDx.com** or **1-888-729-1206**.

- To view the exome test menu, visit **GeneDx.com/tests**
- To request sample collection kits, visit **GeneDx.com/supplies**

Labcorp

Submit the consent form and clinical questionnaire, including any additional supporting clinical documents, along with your order and sample. Visit **Labcorp.com/test-menu/search** to find the documents.

For prior authorization in advance of sample collection, please fax the clinical questionnaire, including any additional supporting clinical documents, patient demographics and insurance information to **1-844-890-0003**. If you have questions, send an e-mail or call **1-866-248-1265**.

Quest Diagnostics®

Submit a completed precertification form with your sample(s) or fax the form to **949-668-7818**. Need more information? You can visit **QuestExome.com**, email **GeneTeam@QuestDiagnostics.com** or call Genomic Client Services at **1-866-436-3463**.

Noninvasive prenatal testing (NIPT) preferred lab network

We've negotiated lower out-of-pocket NIPT rates with three preferred labs for noninvasive prenatal testing.

That means you can now enjoy the convenience of working with labs you may have used before while offering your patients savings. With a variety of labs to choose from, you can simplify your referral process. And you can help your patients save compared to nonpreferred labs.

Choose one of these three preferred labs for NIPT and help improve the testing experience with pre-negotiated rates.

Labcorp	1-877-821-7266	Labcorp.com
Quest Diagnostics®	1-866-697-8378	QuestDiagnostics.com

For a complete list of Aetna® in-network participating providers, use our provider search at [Aetna.com](https://www.aetna.com).

Somatic tumor profiling made simpler

Use Aetna® preferred labs for better service and quality

When you use preferred labs for covered services, your patients get quality, cost-effective testing. Our preferred lab network offers:

- Tumor profiling
- Liquid biopsy
- Tumor mutational burden (TMB) testing
- Microsatellite instability (MSI) testing
- Homologous recombination deficiency (HRD) testing

Our preferred labs

Aetna national somatic tumor profiling network labs are:

- [Quest Diagnostics®](#)
- [Labcorp](#)
- [Tempus](#)
- [NeoGenomics](#)

See Evidence of Coverage for a complete description of plan benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by service area.

Participating health care providers are independent contractors and are neither agents nor employees of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change. Out-of-network/non-contracted providers are under no obligation to treat plan members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

Other /Providers are available in our network.

All other registered company, product and service names are the property of their respective owners.

There may be some local hospitals in our lab network that are cost-effective. Please contact your local representative or call the Provider Service Center at **1-800-624-0756 (TTY: 711)** for more information.
