

Institutes of Quality[®] – Behavioral Health Quality care made simple

As a member, you have access to facilities that specialize in treating eating disorders, mental health, and substance abuse.

We call these our Institutes of Quality[®] (IOQ). Facilities earn this status for excellent care and a commitment to continuous improvement. As a result, you get value and high-quality care.

To become IOQ designated, facilities must meet strict criteria. These include:

- Offering daily access to medical care
- Involving family and significant others in the treatment
- Measuring treatment progress and outcomes
- Maintaining accreditation from a recognized body

Your plan may require preauthorization

You may need preauthorization – or pre-approval – for these services. That means you or your doctor must get our permission ahead of time. Please refer to your plan documents.

Not all Institutes of Quality services are covered by all health plans. Please log in or register now at https://www.aetna.com/dsepublic/#/contentPage?page=providerSearchLanding&site_id=docfind to find out if a facility is a network provider in your plan.

Some of the Institutes of Quality may not have doctors who contract with Aetna, which means you may have to pay extra if you use those centers. Call the number on your ID card to find out more.
